Our new challenge will be to drive from San Francisco to New York. OK, it doesn't sound very adventurous - nearly 4000 miles across the USA. But the challenge is that we are going to drive the 1904 Oldsmobile. Imagine! with a top speed of just 20 - 25 mph, at least we will be able to hear the birds singing and smell the flowers as we chugg along the roads. Check out our dedicated web-site www.joy-across-america.tv
